SCHOOL OF THE PROPHETS

August - December 2009

Our Vision

Our vision is to help prophetic people in local churches rise up as prophetic ministers for their local churches. Our curriculum and activations are closely linked to Christian International under Dr. Bill Hamon.

Who should participate? Those who are called and gifted in prophetic ministry who desire to be trained and refined under our ministry. And those who desire an on going relationship.

The reason we require the pastor's approval to participate is that we believe in strengthening the local church.

We begin at a training level where we expect each person to have already taken "Ministering Spiritual Gifts" (MSG). MSG training is available in many related churches including Marion Christian Center.

Our Strategy

On the first weekend of each month we meet for orientation training. This includes several opportunities to observe prophecy in action. More things are caught than taught. There are also activations or lab experiences in prophetic training each month.

During the following months each student has academic studies to complete. This is a part of the prophetic mentoring process. Some students will take this training more than once in order to grow in God.

*"But grow in the grace and knowledge of our Lord and Savior Jesus Christ."
2 Peter 3:18*
